An Ex-Soldier Detained from Going by the Australia.

A man named Puthoff, who at one time belonged to the National Guards, was to have left on the S. S. Australia on Saturday afternoon for San Francisco, but at the last moment changed his mind. About one o'clock that afternoon Puthoff took his baggage to the wharf. Half an hour later he was placed under arrest for investigation by Officer Kappa. Man and baggage were brought to the Police Station. Puthoff was under suspicion of being the man who entered the house of E. L. Moore at Kakako and robbed it of \$325 the other night.

After Puthoff had been placed below, Mrs. Moore was sent for to identify him. She said that the build and size of the prisoner was the same as that of the man who was in her house that night, but she could not identify the features, as the man wore a mask. Puthoff's baggage was opened and only two dollars were found therein. He was promptly released. The baggage was returned to the wharf, but it appears that Puthoff had a misunderstanding with a friend and he did not go on the Australia.

HOLOMUA OFFICE SEIZED.

Absurd Report of Arms—Attached Under Mortgage.

Police Officer McGurn went to the Holomua office on Saturday afternoon for the purpose of taking an inventory of the stock. As the door could not be opened the assistance of Muller the locksmith was called in. Before forcing the door open the officer blew his whistle and two officers responded. As only one officer was wanted the other was sent away. The whistle attracted a number of natives and it was not long after an entrance was effected, when a report was started that three hundred rifles had been located in the upstairs portion of the office. There was no truth in the report. The office was guarded by an officer on Sunday, who said it was seized under Mr. Widemann's mortgage.

Common Sense

Should be used in attempting to cure that very disagreeable disease, catarrh. As catarrh originates in impurities in the blood, local applications can do no permanent good. The common sense method of treatment is to purify the blood, and for this purpose there is no preparation superior to Hood's Sarsaparilla.

Hood's Pills cure constipation by restoring peristaltic action of the alimentary canal.

Base-ball Match.

The baseball game between the Philadelphia and Unknown club on Saturday afternoon was witnessed by a fairly large crowd. There were only seven innings played, at the termination of which the game stood 6 to 3 in favor of the Unknowns. "Dat dar" pitcher Woods of the Unknowns pitched practice ball. The Philadelphia boys have materially improved and if they keep at steady practice will be able to put up good ball.

Bilious Colic.

Persons who are subject to attacks of bilious colic will be pleased to know that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. It acts quickly and can always be depended upon. In many cases the attack may be prevented by taking this remedy as soon as the first indication of the disease appears. 25 and 50 cent bottles, for sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

Now that the war of the revolution is over, it is the duty of every man to support the existing form of government. Although things may not move with that cordiality that would ensure an everlasting peace, still they may be allowed to subside into that indifference without animosity that would allow either party to work out their best interests. All things considered it may be for the best, but time, the only arbitrator in such cases, must alone decide that James T. Stewart is a Plumber and will do your work in good shape and at figures that will give you satisfaction.

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

Mr. John A. Scott, Manager of the Hilo Sugar Company, gives the following wonderful record of the working of the NATIONAL CANE SHREDDER, which was erected by their works at the commencement of the crop just harvested:

"During the past week the Hilo Sugar Company's mill exceeded any of its former records by closing the 125 hours grinding with an output of 3000 tons. This is fully 10 percent more than the best work of former years.

"The three roller mill being 26 in. by 54 in. and the two roller mill 30 in. by 60 in. The first mill doing this amount of work in an efficient manner and with great ease, compared with work on whole cane, owing to thorough preparation of the cane by the National Cane Shredder, recently erected by the Company.

"And by its use the extraction has been increased from 3 percent to 5 percent on all kinds of cane, and in some cases 80 percent has been reached; the average being 75 to 78 percent, according to quality.

"I continue to find the megass from shredded cane better fuel than from whole cane.

"The shredder has been working day and night for seven months and has given me entire satisfaction, having shredded during that time about seventy thousand tons of cane, and a large part of it being hard ratoons.

"The shredder and engine require very little care or attention."

Plans and specifications of these Shredders may be seen at the office of
